

## Installation Guide

Position the sticker and hold it in place with masking tape on the corners and through the middle of the sticker.

Peel back the application tape up to the masking tape and cut the backing paper off.

Using a burnisher (or credit card) smooth over the application tape working from the masking tape out.

Remove the backing paper from the other half of the sticker.

Working from the middle burnish the application tape down smooth.

Carefully peel away the application tape, leaving behind your sticker.
